

Incubation Lab

The incubation lab is a well-structured facility designed to foster innovation, research. Equipped with multiple desktop computers arranged in rows, the lab provides a collaborative working environment for students, researchers, and startups. Such incubation labs play a crucial role in bridging the gap between theoretical knowledge and practical applications by offering infrastructure support, technical resources, and a platform for idea development. They also serve as hubs where aspiring innovators can collaborate, exchange ideas, and work on projects that address real-world challenges. Overall, this incubation lab reflects a modern learning and innovation space aimed at nurturing talent and advancing technological solutions.

Incubation Lab

ISBM
UNIVERSITY
KNOWLEDGE ♥ WISDOM ♥ HUMANITY

Established under the Chhattisgarh Private Universities (Establishment and Operation) Act, 2005
Village – Nawapara (Kosmi), Block & Tehsil – Chhura,
Dist. – Gariyaband, Chhattisgarh, India – 493996
